Kevin:

I just wanted to take a moment and thank you for the speaking engagement you fulfilled in the first quarter of this year for ComputerTechRx. Our business model needed some tweaking for the people, and the role they felt they were playing in our organization.

Your presentation was on Success through Teamwork. Our group has since gone through a transition of personnel for the better, and we now have a Team that truly understands what their role is in our formula for success in our industry. Our lines of communication have improved vastly, and our effort to respond to our customers needs more effectively, has lead to a less stressful environment for all.

Again, thank you for your time, and we look forward to hearing you speak in the future.

Best Regards,

Derick Siebert, President  
ComputerTechRx
